the contributions to this handbook bring together a full length study of *Elektra* in english the volume examines the many facets of one of richard strauss s most complex operas first p e easterling surveys the mythological background while karen forsyth discusses hofmannsthal s adaptation of his sources the second part brings the music to the fore derrick puffett offers an introductory essay and synopsis arnold whittall considers the tonal and dramatic structure of the composition tethys carpenter explores the musical language of the work in detail with

special focus given to part of the klytaemnestra scene the third part of the volume offers two contrasting critical essays carolyn abbate provides an interpretation informed by her recent work on narrative and robin holloway analyses strauss s orchestration of the opera the book also contains a discography and an appendix of excerpts from the strauss hofmannsthal correspondence

strongly influencing european musical life from the 1880s through the first world war and remaining highly productive into the 1940s richard strauss enjoyed a remarkable career in a constantly changing artistic and political climate this volume presents six original essays on strauss s musical works including tone poems lieder and operas and brings together letters memoirs and criticism from various periods of the composer s life many of these materials appear in english for the first time in the essays leon botstein contradicts the notion of the composer s stylistic about face after elektra derrick puffett reinforces the argument for strauss s artistic consistency by tracing in the tone poems and operas the phenomenon of pitch specificity james hepokoski establishes strauss as an early modernist in an examination of macbeth michael steinberg probes the composer s political sensibility as expressed in the 1930s through his music and use of such texts as friedenstag and daphne bryan gilliam discusses the genesis of both the text and the music in the final scene of daphne timothy jackson in his thorough source study argues for a new addition to the so called four last songs among the correspondence are previously untranslated letters between strauss and his post hofmannsthal librettist joseph gregor the memoirs range from early biographical sketches to rudolf hartmann s moving account of his last visit with strauss shortly before the composer s death critical reviews include recently translated essays by theodor adorno guido adler paul bekker and julius korngold publisher description

richard strauss is a composer much loved among audiences throughout the world both in the opera house and the concert hall despite this popularity strauss was for many years ignored by scholars who considered his commercial success and his continued reliance on the tonal system to be liabilities however the past two decades have seen a resurgence of scholarly interest in the composer this companion surveys the results focusing on the principal genres the social and historical context and topics perennially controversial over the last century chapters cover strauss s immense operatic output the electrifying modernism of his tone poems and his ever popular lieder controversial topics are explored including strauss s relationship to the third reich and the sexual dimension of his works reintroducing the composer and his music in light of recent research the volume shows strauss s artistic

personality to be richer and much more complicated than has been previously acknowledged

richard strauss in context offers a distinctive approach to the study of a composer in that it places the emphasis on contextualizing topics rather than on biography and artistic output one might say that it inverts the relationship between composer and context rather than studies of strauss s librettists that discuss the texts themselves and his musical settings for instance this book offers essays on the writers themselves their biographical circumstances styles landmark works and broader positions in literary history likewise strauss s contributions to the concert hall are positioned within the broader development of the orchestra and trends in programmatic music in short readers will benefit from an elaboration of material that is either absent from or treated only briefly in existing publications through this supplemental and broader contextual approach this book serves as a valuable and unique resource for students scholars and a general readership

an interdisciplinary study of the contributions made by strauss to the development of ballet this study shows how the composer collaborated with prominent dance artists of his time how he entered upon an exploration of musical modernism

i know what i want and i know what i meant when i wrote this after all i may not be a first rate composer but i am a first class second rate composer these words were addressed by richard strauss himself to the royal philharmonia orchestra during rehearsal this was in 1947 when sir thomas beecham to whom the author was then associate conductor had organized a strauss festival which strauss had come to london to attend everyone writes the author was agog to see this legendary figure from the past many of whose works predominantly the earlier ones are as much part of the classical repertoire as for example the brahms symphonies was he really still alive strauss s remark was not false modesty continues the author but neither is it by any means the whole truth don juan don quixote and elektra are indeed the products of a first rate composer but scarcely die frau ohne schatten and sinfonia domestica in fact for two or possibly even three periods in his career strauss rose to heights of supreme genius only to fall back in between on merest talent a first class second rate composer is a fair assessment for a certain part of his creative life but certainly cannot stand as an overall judgement on one of the world s greatest musicians this paradox is the theme of my book the first volume takes strauss s work up to and including der rosenkavalier which may legitimately be regarded as the climax of his career as well as convenient half way mark the mass of songs

however together with a number of smaller choral and instrumental works of an occasional nature has been held over from a volume which threatened to become far too long and cumbersome they are dealt with as a whole in volumes ii and iii a critical commentary on strauss whose almost inexhaustible flow of easily assimilated tunes went hand in hand with epoch making discoveries of new musical means and heroic flights into the music of the future has been long needed the author now provides it adding a wealth of knowledge to musical history he also examines the literary sources from strauss s inspiration both for the operas and the tone poems from dust jacket

richard strauss the man and his works by henry theophilus finck first published in 1917 is a rare manuscript the original residing in one of the great libraries of the world this book is a reproduction of that original which has been scanned and cleaned by state of the art publishing tools for better readability and enhanced appreciation restoration editors mission is to bring long out of print manuscripts back to life some smudges annotations or unclear text may still exist due to permanent damage to the original work we believe the literary significance of the text justifies offering this reproduction allowing a new generation to appreciate it

and other works that hold the stage to this day his brilliant tone poems for orchestra include such staples of the repertory as death and transfiguration don juan ein heldenleben till eulenspiegel s merry pranks and also sprach zarathustra source of the famous sunrise music used in the film 2001 a distinguished composer of songs chamber music and ballets as well strauss was also one of the outstanding conductors of his time directing opera companies in

Yeah, reviewing a books **Till Eulenspiegel Op 28 Richard Strauss** could add your close associates listings. This is just one of the solutions for you to be successful. As understood, execution does not recommend that you have extraordinary points. Comprehending as capably as conformity even more than additional will manage to pay for each success. neighboring to, the revelation as skillfully as acuteness of this Till Eulenspiegel Op 28

Richard Strauss can be taken as without difficulty as picked to act.
